"BEVERIDGE REPORT IS SIMPLY A RUSE"

Executive Committee of Ardmore Convention Makes Report From Washington.

Washington, Dec. 18.-The members of the Executive Committee which was appointed by the Ardmore Convention do not find that. the leaders in the Senate are favorable to their plan for a separate organization of the Indian Territory.

Sam Powell and Wi who came to Washington to urge the adoption of the Ardmore Convention plan, today wrote R. W. Dick, Mayor of Muscogee, outlining the situation and suggesting that it would be better to indorse the Moon bill. Their letter states:

"Upon our arrival here, we found that there had been absolutely no change in sentiment upon the omnibus statehood bill either in the House or Senate and that the majority report, signed by Beveridge, Nelson and others, is simply a ruse concected by the enemies of the Territories to defeat all legislation, either for them or for the Indian Territory. Indeed, if there has been any change of opinion it has been inside of the Republican ranks and in the direction of forever separating the Indian Ter-

ritory and Oklahoma. "It is represented here that Arizona will be a Democratic State; that New Mexico will be Republican and Oklahoma also Republican, if admitted along, but, if admitted with Indian Territory, that it will be strongly Democratic. Arizona and New Mexico are both countries that do not now nor will in the future support a large population, while Oklahoma and the Indian Territory are regarded as being susceptible of great development in the future and these combined Territories would in the near future, be in population as large as Kansas or Iowa; and as their combination into one State would make it surely Democratic, no Republican body in either house

will ever join them together. ONLY ONE HOPE LEFT. "We are aware of the fact that a large majority of the Indian Territory would embrace an opportunity to immediately foin in statehood these two Territories, and, were there the least chance for such action to be taken, we would more than willingly embrace the opportunity. But, as such ac-

Interesting to the Public. In calling attention to EUPEPSIA TABLETS we aim to be very careful, so as not to appear in the eyes of the general newspaper readers as having discovered a remedy for any ailment whatsoever. We simply claim that the formula from which EUPEPSIA TAB-LETS are prepared is a proper prescription that will positively cure dyspepsia and all stomach disorders arising from imperfect digestion. Eminent physicians recommend EUPEPSIA TABLETS declaring it embodies the advantages required in the proper treatment of digestive derangements, are pleasant to the taste and convenient to carry. The wouderful curative properties have been abundantly sustained by facts, and many readers of newspapers have expressed surprise at the large number of voluntary statements from people who, after trying other so-called dyspepsia remedies, have been cured by EUPEPSIA

TABLETS. The following are a few testimonials tendered by eminent physicians and we publish them to show what they had to say after giving trial to our remedy, although we prefer that every sufferer make his own test, and if we fail after an honest trial we will cheerfully refund your purchase price. tion is impossible, we have consistently urged our endeavors to secure the passage of the Moon bill.

"It is indeed highly necessary that we secure some form of government at this session, for, if our affairs go over until next session, the last opportunity for a school fund for the Indian Territory will be forever lost, as the coal and asphaltum will be sold by that time to the coal operators. As the matter now stands Congress cannot be expected to buy these properties without we have some means of handling them.

"In view of the apparent fact that our only hope for any relief lies in the passage of some bill giving us a territorial form of government, we suggest that your committee secure the indorsement of the Moon bill by the people of the Indian Territory.

"We suppose that the Ada and Ardmore resolutions indorsing the Beveridge substitute were passed upon the assumption that the immediate statehood with Oklahoma bility of becoming a law. Now, as this substitute has neither good faith nor a possibility of passage, we suggest that the people of these towns should take some action to place themselves in a correct light."

DINNER AT THE WHITE HOUSE. President Entertains in Honor of the Cabinet.

Washington, Dec. 18.-The President and Mrs. Roosevelt gave a dinner at the White House to-night in honor of the Cabinet, to which a large number of other guests also were invited. It was the first formal evening function at the White House since its remodeling, and gave the guests an oppor-tunity to view the many changes which The table was set in the new state dining

POISON RECORD WAS ALTERED. New Discovery in Tona Dunlap Murder Trial.

REPUBLIC SPECIALA Aledo, Ill., Dec. 18.-The discovery that the poison record book in the Craig drug store has been altered is receiving the en-tire attention of both sides in the Dunlap murder trial. The prosecution had men out all last night searching for Mell Miner, whose purchase of strychnine was erased.

whose purchase of strychnine was erased. He admits the purchase and stated it was used to kill gophers.

After the prosecution had rested the defense objected because a medical student, named Smith, and Professor W. S. Haynes of Rush Medical College, had not been placed on the stand. It was agreed that these two witnesses will be called to-morrow.

FASHIONABLE ASSEMBLAGE AT DAUGHTERS OF CONFEDERACY BALL

Other Society Events Cause Attendants to Be Late in Arriving-More Than Two Hundred Dancers on the Floor - Proceeds to Be Used for Building a Monument to Southern Soldiers Who Died in a War Prison at Alton, Ill.

MRS. BRYAN SNYDER.
Chairman Ladles' Reception Committee at the D. O. C. ball last night.

The annual ball of the Daughters of the Mrs. N. A. McMillan, Mrs. J. S. Lowry, Confederacy took place last night in the ballroom on the fifth floor of the Odeon. The occasion, always fashionable, was as largely attended as ever before, the number of dancers being variously estimated at

The ballroom did not begin to fill up until late in the evening. Many first attended other social events. By 9 o'clock the first comers appeared, and the company was gradually re-enforced until after 11, when there came many others who had spent the early portion of the evening at the Choral-Symphony concert The object of the ball this year was to

raise money for the erection of a monument to the Confederate dead at the Alton cemetery. During the Civil War one of the larger Federal prisons was maintained at Alton and there were incarcerated many prisoners taken in Missouri, Arkansas and

A pestilence visited the prison and many of the Southern soldiers succumbed. The Daughters will now see that a handsome monument is erected to their memory. The object is not so much to revivify the sectional hatred aroused by the war of the rebellion, but to see that the soldiers of the gray, thousands of whom gave their lives and many of whom were of families now prominent in St. Louis, are not forgotten.

The dancing hall was handsomely decorated, and proved large enough for the comfort of dancers and spectators. After midnight the crowd began to take their departure one by one, though some of the until a late hour. The music-a string hand -proved satisfactory to all. The floor was in good condition, and the general opinion was that the affair had been a distinct

RENDITION OF "THE MESSIAH" BY CHORAL-SYMPHONY SOCIETY

Haendel's great Christmas oratorio, "The | but more for its sweetness and deightful Messiah," was produced in a masterful singing quality. manner by the Choral-Symphony Society at the Odeon last night. The powerful chorus and splendid solo parts of the German master's masterpiece were rendered in a manner which would have no doubt pleased and delighted him could he have been present at the concert.

From the opening bars of the overture until the mighty final strains of the "Hallelujah" chorus the audience felt that there was nothing left to be desired. The chorus sang with spirit and with a greater degree of correctness than has ever before marked its production of "The Messiah." Director seemed to control all parts with ease, and the voices responded to the wave of his baton as if the slender wand actually touched each individual.

The accompaniment of the chorus and soloists by the orchestra added greatly to the credit of the organization. There was as much ease and precision as if the voices were being accompanied by the plane un-der the touch of a skillful master. There was never too great a volume of sound, but in the climaxes and fortissimos the instruments came out strongly, making the gen-eral effect all that could be desired. The soloists were all exceptionally good.

The greatest success, however, was scored by Mme. Anita Rio, the contraito. Her charming stage presence and the excellent quality of her voice fairly carried away the audience. All of her numbers were executed in excellent taste. Her voice did not impress one as being of unusual strength,

Power and clearness were the principal characteristics of the work of Glenn Hall

the tenor. The voice is peculiarly adapted to orotorio singing. His notes carry, and he sings with ease and spirit. It might be said that there is a too forcible contrast when he changes from the lower to the upper register, but in either register he strong and capable.

Herbert Witherspeon, the basso, fully car-ried out the things which were expected of him, because of his success in the East. His voice, though, is more barytone than bass. His tones are rich and he sings with all the finish of an oratorio artist. Miss Carrie Bridwell, the contralto, sang her numbers well, but was handicapped by hav-

The audience was one of the largest and most fashionable that has ever attended a Choral-Symphony concert. Society turned out, and there was a large representation of the ultra-musical element of the city. The boxes were well occupied, and the parquet and balcony were comfortably filled.

Director Erist was somewhat displeased at one point in the concert, when the audience applauded prematurely, thus spoiling a fine effect by the orchestra. The incident occurred in the first part of the pro gramme, after an air by the soprano, "Come Unto Him. All Ye That Labor."

The efficiency of the chorus was best dis-played in the grand "Hallelujah" chorus. It is safe to may that the voices were never bet-ter handled than in this number. All parts oined in producing a climax which has seldom been equaled in this city. During the singing of the chorus the entire sudience arose and remained standing until the clos-NOTABLE MUSIC LOVERS

children. But there can be motherhood without health, and without health for the mother there can be no health for the child. It is of vital importance for women to

know that the health of mother and child is in general entirely within woman's control. The thousands of women who have used Dr. Pierce's Favorite Prescription when expecting motherhood, have testified that it made them healthy and happy in the days of waiting, made the baby's advent practically painless, and gave them health to give their children.

Mrs. W. J. Kidder, of Hill Dale Farm (Enosburg Center), Enosburg, Vt., writes: "During the past year I found myself expecting maternity, and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. Took twelve bottles of Doctor Pierce's Favorite Prescription, and also followed your instructions. I began to improve immediately, my health became excellent, and I could do all my own work (we tilve on a good sized farm). I walked and rode all I could, and enioyed it. I had a short, easy confinement and have a healthy baby hoy."
